

LIFECHOICES
HEALTH  NETWORK

hello

Since 1989, LifeChoices has remained firm and focused in our mission to bring **hope and healing** to our community through **compassionate and comprehensive education and medical services**. We have seen countless lives changed, generations of families impacted, and a community empowered by the transformational influence of grace and hope.

Thank you for coming alongside us in this important work.
We hope you enjoy this report of the outcomes made possible by your generosity!

Empowerment: We believe that men and women should be empowered to make informed decisions about their pregnancy.

Education: We believe youth are capable of making healthy choices and that through education we can help them avoid sexual health crises.

Safety: We believe an individual facing an unwanted pregnancy should have a safe place that will not profit from the choices made.

Access: We believe individuals facing a sexual health crisis should have access to affordable, comprehensive, confidential and compassionate care.

Non-Judgmental: We believe our clients are strong and capable of making their own choices and that we are not here to judge their decisions.

Purpose: We believe there is a divine purpose for every child that is conceived and that every child is a wanted child.

Non-Critical: We believe no one should feel pressured when making a choice about their pregnancy.

**EDUCATE.
ADVOCATE.
ELEVATE.**

mission

Empowering individuals to make **healthy life choices** through **education** and **medical** services.

ORGANIZATION
